REIGN OF RIOTERS.

New Orleans Terrorized all Night by a Murderous Mob.

NEGROES KILLED AT SIGHT.

Fragic Sequel of the Shooting of Two Police Officers.

MANY INNOCENT PERSONS WOUNDED

In Order to Suppress the Lawless Leaders in the Race War, the Governor Has Been Requested to Call Out the State Troops For Gunra Duty.

New Orleans, July 26.—Wild reports are reaching police headquarters from various sections of the city giving information of the beating of negroes. Work on the levee, where negro labor is largely employed, has been suspended. The big grocery and produce houses are also practically doing nothing because they cannot get negro drivers to risk their lives.

New Orleans, July 26.—Mayor Capdeville communicated with Governor Heard and the governor will undoubtedly call out the militia to preserve order in the city.

New Orleans, July 26.—After being in the hands of lawless mobs for several hours with the police apparently powerless to maintain order, New Orleans at daybreak again assumed a peaceable and orderly condition and the violence has apparently ceased.

The last disturbance occurred about 5 a. m., when a white baker whose name is unknown, was shot in the leg while a crowd of rioters were chasing a gang of negroes.

The mayor, the police and citizens are arranging to take precautions against a recurrence of the night's scenes of disorder. The mob was composed of boys and hoodlums and was without a leader.

The rioting grew out of the intense feeling engendered by the murder of Captain Day and Patrolman Lamb and the wounding of Officer Mora by the colored desperado, Robert Charles, Monday.

The occurrences of the night are greatly deplored by the best elements of the community. They represented in no sense an uprising of an outraged community against wrong. One man was killed, three others will die and 15 were wounded.

The dead: Unknown negro, clubbed to death in Custom House street between Maraise and Villere street.

Fatally injured: Louis Hughes, colored, shot four times, in abdomen, head, left arm and right hand; Baptiste Filcan, colored, aged 75, employed in the French market, shot in throat; Joseph Nelson, negro, driver, skull fractured.

The injured: T. P. Saunders, colored, aged 35, porter, living at 1927 Jackson avenue, contused wound of the scalp, stab wound in the side and a gunshot wound in the right knee; Esther Fields, colored, 45, severe gash on head; Oswald MacMahon, white, 16, laborer, penetrating gunshot wound through the right thigh; Frank Shepherd, white, 42, perforating gunshot wound in the right forearm; Alexander Ruffman, Pullman Palace car porter, shot in the left shoulder; Joseph Deeds, white, stabbed in the right hand and left fingers cut; F. G. Davis, motorman, shot in the right leg; J. Cluny, conductor, clubbed and arms badly injured; Joseph Lewis, colored, 11, contused wounds of the head, caused by beating with baseball bat; George Morris, colored, two cuts on head and gunshot wound in the leg; Daniel Daurin, white, gunshot wound of the left leg; William Armstrong, negro laborer, shot in left thigh; unknown baker, white, shot in the leg.

Citizens Act.
A delegations of citizens went to the city hall and asked the mayor either to call out a posse of citizens or appeal to the governor to order out the militia. His honor decided immediately to prepare a proclamation calling for 500 volunteer citizens to assist the police in preserving order.

After the mobs got started the negroes became terrorized and took shelter in their homes and outhouses of white people who protected them, so it was only the unsuspecting and inoffensive negroes who were the victims.

The movement started from a gathering of men at the Lee statue, corner of St. Charles avenue and Howard street. Being ordered to disperse, the crowd moved up St. Charles street, gathering force as it moved and gradually becoming inflamed to the point of desperation.

It was not until after they had stopped in Morris Square on Washington avenue and Franklin street, near the scene of the assassination of Captain Day and Officer Lamb that they listened to a speech from a man hailing from Kenner, and then started out to waylay the negroes.

Most of the colored population had taken warning from the excitement of the night before and kept in doors, but there were some returning to their homes from work and it was one of these who was the first victim. He was in a crowded Henry Clay avenue car near the square and when the mob saw him they rushed for the car and dragging him out, firing one shot in the car. He turned out to be Alex. Ruffin, a Pullman car porter, and he was badly used up.

He was cut and shot and beaten over the head. There was another negro with him in the car who hid under the seat and after the car had started they discovered him but they could not catch it.

J. Cluny the conductor of a Peters avenue car was shot in the foot on Franklin street and the car riddled with bullets. F. G. Davis the motorman on the same car was also shot in the foot.

Frank Shepherd a white man who was in the crowd got a bullet through his right arm.

Coming down to Jackson avenue, they met T. P. Saunders, the colored porter of Post & Bowles' Insurance agency. He had heard the indiscriminate shooting and stepped out of his gate to see what it was about. They stabbed him and shot him in the neck and back and took his watch away from him. They left him for dead.

The main crowd continued on down town, heading for the parish prison. They were met a block away by a squad of police who stopped them. They then began breaking into the second-hand stores on Rampart street in that neighborhood, hunting for arms and ammunition. The police scared them off.

After lingering around Rampart street for an hour the mob divided, one section going down town and the other starting back up town. The latter crowd started for the new basin in the vicinity of the Illinois Central depot, as that is a popular rendezvous for negroes. Before starting they indulged in a little pistol play and wounded Oswald McMahon, a 12-year-old boy, in the leg. The boy had been following the crowd. On the way up they went through the Poydras market and found a negro watchman, George Morris, whom they proceeded to chase through the market, shooting him as he ran.

The down town mob, however, did terrible execution, and kept up its fiendish work until daybreak. A notorious character took the lead and headed for a negro neighborhood.

They found negroes and were going down Villere street toward some negro hovels, when they saw a negro in a crowded Villere car. They halted the car, pulled the trolley off, ordered about 20 passengers out and then murdered the black. He was dragged out and filled with lead, being instantly killed. He was evidently a laborer. His name is not known.

About Flour Trust.

New York, July 26.—At a meeting of the reorganization committee of the United States Flour Milling company, the plan for the rehabilitation of the company was amended in several important particulars, affecting principally the amount of issue and application of the newly-created securities. The capitalization of the company under the amended plan has been reduced from \$23,000,000 to \$17,250,000. This has been effected by reducing the authorized issue of first mortgage five per cent gold bonds. It is said that the amended plan will reduce the fixed charges, including the sinking fund of \$45,000 annually to \$355,100. Instead of \$450,810, a saving in this item of \$75,100 annually.

Washington, July 26.—The state department has just received a dispatch from Consul General Guder at Panama, announcing the collapse of the revolutionary movement there. He states the Liberals unexpectedly surrendered and that quiet now prevails at Panama.

Mines Idle.

Seranton, Pa., July 26.—The runners and drivers at the Delaware & Hudson mines here struck for increased wages. Four mines here and three at Oliphant are now idle. In all 4,000 men and boys are employed at the mines.

IT LEFT A BAD TASTE

In the Mouths of the Officials at the National Capital.

EDICT OF VICEROY TAK AT CANTON

Regarded as a Preliminary Step to a Formal Declaration of War Against the International Forces Now in China.

Washington, July 26.—Notwithstanding signs of activity, the state department had nothing of interest touching the Chinese situation. The navy department sent over a copy of the dispatch received from Admiral Remy making some changes in the marine body, and Minister Wu came down asking for half an hour with Acting Secretary Hill, but he declared that he had nothing from home, though he was confident of important developments in the immediate future.

The Imperial edict promulgated by Viceroy Tak at Canton, has left a disagreeable impression here. Despite the Chinese minister's view to the contrary, this edict is looked upon as suspiciously like a preliminary to a formal declaration of war, and as only trying to secure time to put the Chinese forces into a better position for the defense against the internationals.

The notice that came to the state department that Korea is free of the Boxer agitation was well received. It is believed that Russia will thus be enabled to spare many more Chinese troops from her Siberian army for the use in the international column.

In his conference with the Chinese minister, Acting Secretary Hill said the minister had received no communications from China and had no information to depart. The state department had no information of any kind from its officers in China and the conference between the minister and secretary was simply an interchange of courtesies. The Chinese minister expressed to Secretary Hill his continued hope that the ministers in Peking were still safe and said he believed that he would soon be able to deliver to the department a message from Minister Conger which would make that hope certain.

Supreme Leader Needed.

London, July 26.—While the latest impression derived from the array of conflicting telegrams from the far east is that a portion of the foreign colony at Peking may have escaped slaughter, until a recent date, the general consensus of the best informed opinion of Europe seems to continue to favor the acceptance of the worst news and prompt action thereon, the contention being that the only possibility of definitely ascertaining the truth is by the allied commanders inquiring at Peking. Judging from the news from Tien Tsin, however, recording dissensions among the admirals there, the prospects for a speedy advance seem to be endangered unless the governments speedily agree upon a supreme leader. Telegrams from Shanghai report that Li Hung Chang has taken up his abode at the arsenal, as a measure of precaution. It is not stated whether he feared attack by Chinese or attempts of the powers to curtail his liberties. Apparently, the foreign consuls at Shanghai have informed the viceroy unless he obtained definite dispatches from Peking within five days, they would conclude the ministers had been murdered and act accordingly.

Meade Invalided.

Washington, July 26.—The navy department received the following cable: Taku, July 24, via Chefoo, July 25: "Colonel Meade Invalided and will be sent to Mare Island hospital, rheumatism; Major Waller succeeds command First regiment. My obtainable information clears marines of any imputation burning houses or looting Tien Tsin."

No Boxers in Korea.

Washington, July 26.—Ye, the Korean charge here, took to the state department a dispatch from his government, denying positively the published stories that the Boxer movement had extended to Korea, or that any Chinese Boxers had crossed the Korean frontier.

Violated Anti-Trust Law.

Chattanooga, Tenn., July 26.—Judge C. D. Clark, of the United States district court for the eastern district of Tennessee, has made an order which disposes of the cases against six large companies under indictment for violation of the anti-trust law. They were allowed to enter a joint plea of guilty and were fined \$1,800 and the costs of the prosecution. The companies involved are the Addyston Pipe and Steel company of Cincinnati, Chat-

taanooga Foundry and Pipe company, Dennis Long & Company, Louisville; Howard Iron company of Bessemer, Ala.; Annison Pipe and Foundry company of Anniston, Ala., and the South Pittsburg Pipe works, of South Pittsburg, Tenn. They were indicted in April, 1897, but the cases were continued from term to term and were never tried.

HOYT INSANE.

Noted Film-Maker For Others Committed to an Asylum.

New York, July 26.—Charles T. Hoyt, the playwright and theatrical manager, has been adjudged insane at Hartford Conn., and taken to retreat there. His condition is critical.

Charles H. Hoyt, the playwright, appeared before Judge Freeman to oppose an application committing him to the retreat for the insane in this city. Mr. Hoyt's remarks were perfectly rational and only when he referred to the death of his wife and child did he show any traces of extreme feeling.

Mr. Hoyt admitted his condition was such that he needed rest and attention, but did not think he should be confined in an institution.

Judge Freeman at the conclusion of the hearing ordered that Mr. Hoyt be committed until he recovered from his present trouble.

About Bryan Notification.

Indianapolis, July 26.—Inquiry of Chairman Martin of the Democratic state committee as to whether Mr. Bryan would speak here at night after his notification brought a surprising reply. The chairman was "mad." He said: "It does not look as if Mr. Bryan would be here. It does not look as if the notification would be held here at all." "Do you mean that Mr. Bryan cannot come?" "I mean that unless the railroads give us terms that are just we will call this notification meeting off and not let it be held in the state of Indiana."

Testimony All In.

New London, Mo., July 26.—The defense of Alexander Jester, charged with the murder of Gilbert Gates, put on the stand a number of witnesses and then rested. The state offered testimony in rebuttal. Judge Eby was then informed that all the evidence in the case was before the jury. He told the attorneys he would allow each side 16 hours in which to argue the case. This will be two days to each side as the court only holds eight hours a day. The case will probably go to the jury next Tuesday evening. Court adjourned.

Towne Cannot Attend.

Chicago, July 26.—A telegram was received at national Democratic headquarters from Mr. Towne at Reno, stating that he could not reach Chicago. It is expected that Mr. Towne will be in the city to confer with the members of the national Populist committee, who will arrive here for that purpose. Democratic headquarters will be removed from its present location in Unity building to the Auditorium annex on July 1.

Thousands of Chickens Roasted.

Chicago, July 26.—Fire broke out at noon here in the building occupied by the commission firm of H. L. Brown & Company, caused damages estimated between \$50,000 and \$75,000, created a panic among a score of girls who were packing eggs, caused the death of 6,000 chickens, and for a time threatened the whole block. Two girls were reported missing, but it is believed they escaped.

Whitward Sails Again.

New York, July 26.—H. L. Briggman, connected with the Peary relief expedition, received a message from Channel, on the west coast of Newfoundland, that the Windward, the Peary relief ship, after having put in there, sailed.

Roosevelt Will Be There.

Louisville, July 26.—Chairman Barnett of the Republican state central committee received a letter from National Chairman Hanna saying that Governor Roosevelt would speak in Kentucky during the coming campaign.

Place of Burial.

Washington, July 26.—The remains of the late Judge Wilmer Hughes of San Diego, Cal., will be taken to Loudon county, Va. The burial will occur at the old family burying ground at North Fork, Loudon county.

Detroit Selected.

Milwaukee, July 26.—E. B. Core of New York City was elected president of the National Photographers' association of America, and Detroit was selected as the place for the next annual meeting.

Oakland, Cal., July 26.—Former Senator Blasdel of Nevada, died at his home in this city from the grip, complicated with brain fever.

PARDON GIVEN POWERS

Exhibited to the Jury During the Trial at Georgetown.

MR. OWENS IS FINED OR CONTEMPT

One of the Attorneys For the Defense Persisted in Asking a Question at Intervals After Objection Had Been Sustained.

Georgetown, Ky., July 26.—Walter Bronston, a Lexington attorney who assisted in the arrest of Caleb Powers and John Davis at Lexington, was the first witness in the Powers trial.

Powers and Davis were disguised as soldiers and were both armed. Witness identified them to the police officers. After his forcible arrest, Powers was taken to jail where the pardon granted him by Governor Taylor and \$1,300 in money were found in his pockets. Deputy Sheriff Frank Rodgers of Lexington also testified as to the arrest.

The pardon granted by Governor Taylor and attested by the defendant himself was then exhibited to the jury.

Walter Bronston, recalled, told of a conversation with Powers after the arrest in which Powers referring to the pardon said:

"I know this looks a little bad, but we were making our way to a place where the pardon would have been recognized."

Assistant Adjutant General David R. Murray, who in response to a subpoena duces tecum, had brought with him the muster rolls of militia was next introduced.

After Murray had gone over such parts of the muster rolls as were admitted, H. Davis Harrod, a constable of Frankfort, was called. He testified that when the shooting occurred he ran to the executive building and entered the west door. The door of the ante-room to the executive office was closed, but witness pushed it open with difficulty, where he encountered several men who thrust pistols in his face. He told them he was an officer, but they kept pointing their pistols in his face and made no reply.

Harrod said that just as he entered the main door a short, stout man slammed the door of the secretary of state's office and dashed down the steps to the basement.

Witness did not know Youtsey at that time. During the cross examination, ex-Congressman Owens of defense repeated a question at different intervals several times. Judge Cantrell ordered the clerk to enter a fine of \$5 against Mr. Owens for contempt for repeating the question after objection had been sustained.

W. H. Mayner of Whitley county gave sensational testimony against both Powers and Youtsey. He said he was in the secretary of state's office a few days before the killing and that a man whom he did not know, referring to Goebel said: "Somebody ought to kill the d—d rascal." Youtsey said: "I have made up my mind to do that myself."

On Saturday before the shooting Caleb Powers said in conversation: "If we could get the head of the ticket to act we could do something. If he does not stand up, I intend to expose the whole d—d business."

CAMPAIGN MANAGERS.

Senator Long Is Selected as the Executive Chairman.

Columbus, O., July 26.—The Democratic state central committee met here and selected the following executive committee to manage the campaign in Ohio: H. C. Garber, Greenville; George F. Long, Troy; W. W. Durbin, Kenton; E. A. Crawford, West Union; C. V. Harris, Athens; C. W. Kempel, Akron; Thad. E. Cromley, Circleville; W. T. Morton, Zanesville; James I. Gorman, Ironton; George W. Hull, Toledo; Harry Wilson, Cleveland; P. F. Siebolt, Defiance. Senator Long of Troy was selected as executive chairman and E. A. Crawford of West Union as secretary. Senator Cromley was chosen as vice chairman to act in the absence of Mr. Long.

Boers Fled.

London, July 26.—Lord Roberts reports to the war office, under date of Balmoral, July 25, as follows: "We marched here yesterday without seeing the enemy. The Boers on July 24, engaged French and Hutton six miles south of Balmoral. While Anderson's mounted infantry attacked the Boers' right, French made a turning movement round their left. Seeing their retreat threatening the Boers broke and fled. French and Hutton followed and proposed to cross Oliphant's river today at Naauwpoort. Our casualties were one wounded."

THE JULY CLEARANCE SALE!

We announce to-day the opening of a grand Clearance Sale. It begins to-day and will last until the store closes NEXT SATURDAY NIGHT, JULY 28.

THE REASON! While we believe our patrons require little explanation of its principles or elaboration of its advantages, as a matter of such real importance, being the most comprehensive sale we ever had, it deserves serious attention. It is in such movements as this that certain change of principle find their best expression. It is in such powerful commercial movements a store comes nearest its full duty to its public. It is good store keeping to lessen stock in July. We inaugurate this sale because our departments are full and we would rather have sales without profits than endure the business stagnation of July and feel further crowded when fall goods arrive.

THE QUALITY! Bluster and brag can perform wonders of deception. There is a prevalent and pernicious "Clearance Sale" which deludes the public into material financial loss. All things of the sort we abhor. We cannot say anything stronger of the qualities you will find here than that they are as far removed from all pestilential trash as the East is from the West. Only good goods, but cheaper than you have ever seen them.

THE ECONOMY! There is not an article priced in this ad that is not marked at cost—many are below. Detail is needless last in so large a summary—it would take this page to catalogue the collection—we can only hope these hints and suggestions will stimulate your interest. If you want to save money—come and come early.

At these prices no credit can be given. All sales strictly cash.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors
FRIDAY, JULY 27, 1900.

FOLKS DO SAY

The BULLETIN 's puttin' on lots o' style in its handsome new quarters in the Glacoeck Building. Fact of the matter is we are feelin' a little pert amidst such elegant surroundings. However, the "old landmarks" are still with us, and the same old we come awaits our friends as of yore. Everybody is cordially invited to call on the Bulletin in its new home.

Generally fair to-day and Saturday.
Northerly winds.

From the developments at Georgetown, Taylor must feel it more important than ever that he remain in Indiana.

Every Republican in Kentucky knows that his party is on trial at Georgetown and this is what hurts his feelings more than the assassination of Governor Goebel. The charges made by the Democrats last spring are being sustained, even by Republican witnesses.

The Neley case is still dragging along in the courts at New York, the Judges seeming to be in no hurry to send him back to Cuba to answer for his stealings. In the trial before Judge LaCombe Monday Inspector General Burton, of the Department of Cuba, testified that he found a shortage of \$44,475 in the receipts of the Cuban Portfolio Department.

A NUMBER of Republicans who undoubtedly could give valuable information about the assassination of Gov. Goebel have made themselves "scarce" in Kentucky. It develops that ex-Assistant Secretary of the State W. J. Davidson is in the far West; Ben Rowe, the colored porter in Caleb Powers' office, and Reuben Miller, one of Powers' clerks, are in Indiana, while George R. Hemphill, one of Powers' right-hand bowlers, is sailing around the Horn, on his way from New York to San Francisco. All these men were in the office of the Assistant Secretary of State when Goebel was shot, and they no doubt know the individual who fired the shot.

As a bit of information to the political ranters who denounce what they call the "silver idiosyncrasy," the following from the Freeman's Journal may prove of interest:

It is a fact not generally thought of, and perhaps not generally known, that the gold and silver money of this country at the present time is on the ratio of 16 to 1. It is strange that the opponents of this ratio in both parties have never, during the present anti-silver administration, suggested a change of ratio. It has been the law of the land since 1834. And yet during all the years of the Republican party in power no Republican or gold Democrat had the courage to propose a bill to Congress changing this law. The objection of the opponents of the ratio is not really to the ratio of 16 to 1, but to free coinage of silver at any ratio.

THE GREAT ISSUE.

It Is Outlined by Col. Zach Phelps of Louisville.

Prominent Gold Democrat Quits That Party. Says Every True Friend of the State Must Support Beckham.

A meeting of the National Committee of the National (Gold) Democratic party was held at the Bates House in Indianapolis Wednesday.

Col. Zach Phelps, of Louisville, a member of the committee from Kentucky, in response to the call to be present, tendered his resignation from the committee from Kentucky, in the following letter:

"LOUISVILLE, KY., JULY 21, 1900.
"Mr. George Foster Pendley, Chairman: Mr. J. P. French, Secretary, Indianapolis, Ind.—Gentlemen:—

I have received notice of the called meeting of the National Committee of the National Democratic party, to be held at the Bates House, Indianapolis, Ind., on the 25th day of July, 1900, at 2 o'clock p. m. I write to explain that I shall not be present and to give you the proper reasons for my failure to come.

"Born and reared in Kentucky, I am, above all things, a sincere Kentuckian at heart. You will recall the fact that the events of the past six or eight months in Kentucky have given rise to political issues which appeal to loyal Kentuckians with a force and an eloquence which is stronger than that of the usual issues contained in party platforms.

"Our people are called upon at the next election to give approval or disapproval to an administration of affairs in this State which commenced, if it did not direct and advise, the commission of one of the most cruel assassinations which the history of our country has ever known; they are called upon to say whether they approve or disapprove of the use of armed troops and Gatling guns on election day for the purpose of controlling the election; and of the use of the State militia for the purpose of protecting the assassins and aiding them in their escape, as well as for the purpose of driving the duly accredited members of the General Assembly from the legislative halls of the State, and of denying and putting at naught the sacred right of the writ of habeas corpus; issues which seem to me to be paramount to any that may be raised upon mere questions of money or financial policy.

"I believe that these issues appeal directly to all the people of our State, and that, whether we be of the Republican, the Democratic, the Temperance, the Populist or the National Democratic parties, we, as Kentuckians should—and, indeed, if we love our State, must—stand together on a platform which expresses disapproval of such courses; and this in such a positive way as will vindicate the fair name of our State before the nation.

"For these reasons I am impelled to tender, and I do hereby tender, my resignation as a member of your National Committee, and offer to you and the other gentlemen constituting the committee my assurances of great respect and high regard. Very sincerely yours,
ZACH PHELPS."

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store. Every bottle guaranteed.

We would ask all those owing us bills to please call and settle, as we need the money.
MURPHY, the jeweler.

REVR. A. BORRING, L. B. Piersall, E. L. Shepard, J. D. Waleh and G. N. Jolly are among the ministers now at Ruggles camp meeting. Miss Ellis, the organist, of Milldale, arrived at the grounds Wednesday.

All the association's rooms and cottages at Ruggles camp ground have been rented, but there are two cottages belonging to private parties that can be had by applying to Mr. I. M. Lane, this city. Individuals who may desire to attend a few days can find accommodations at the hotel on the grounds.

The Hon. Charles Denby, late minister to China, recounts most interestingly in the August Forum "How Peace Was Made Between China and Japan," and sets forth the difficulties that beset the American officials who were generously acting as intermediaries in the negotiations between the respective antagonists.

FLEMINGSBURG Times-Democrat: "On the 4th of July Abe Tincher and Miss Ella Nora Denton were married at Poplar Plains, and on Wednesday, the 25th, just three weeks later, Mrs. Tincher filed suit for divorce from bed and board, and asking for an attachment for his property to secure her claim of \$350 for alimony. She claims that he brought her home and delivered her over to the family of Dudley Fawns and said he would not live with her any longer. As to the cause of this sad ending of love's young dream we have no further information."

MARK PRATHER.

Man Arrested at Lexington Was the Right Party—Officer Here Last Night With Him.

Mark Prather, who assassinated Mann Irwin near Manchester a few weeks ago, was brought in last night from Lexington by Sheriff Metz, of Adams County, and a Mr. Harris, and was later taken to West Union for trial.

Prather was sailing under the name of Crawford when arrested at Lexington, and denied that he was the man wanted. He entered a bank to deposit some money and was identified by the stenographer, a Miss Dryden, who formerly lived at Manchester and knew him. She informed the bank officials and they caused Prather's arrest.

Prather and Irwin were both tenants on the farm of a Mrs. Stevenson. He concealed himself in a barn one day and shot Irwin as the latter was passing on his way to dinner. It is claimed by the defense that Irwin had insulted Prather's wife.

FARMERS will no doubt appreciate the efforts of the Frank Owens Hardware Company to keep them posted on the Cincinnati and Chicago wheat quotations. This firm has gone to considerable expense in securing a report of the opening prices at these points, and will publish same each day for the benefit of their country friends, in their advertising space elsewhere. This service is supplied by Hutton & Co., the well-known Cincinnati brokers, and is reliable. By this means farmers can learn the condition of the wheat market a day in advance of what could be obtained from the Cincinnati papers. The reports will continue to be received for a couple of weeks, or while the crop is being moved.

MR. TUCKER WILLETT's many friends will regret to learn he is to leave Maysville soon and take up his residence in Chicago. He has resigned his clerkship in the office of the C. and O. at this point to accept a more lucrative position with the Chicago and Northwestern Railroad. He has been with the C. and O. a number of years and is numbered among its most faithful and efficient local employees. Mr. Willett will leave for Chicago early next month.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c. at J. J. Wood & Son's drug store.

UNDER the assumed name of the Globe Telegraph College, a Lexington business college has fleeced newspapers throughout the country out of thousands of dollars' worth of advertising. Stacks of marked copies of newspapers are lying at the Lexington postoffice unclaimed. The scheme is to have the advertising done under the assumed name, and when inquiries came from would-be students to tell them that the Globe School had failed and had turned over its business to the concern backing the scheme, thus avoiding the payment of the advertisement in the newspaper. Postoffice people claim the postal laws are violated, and an effort will be made to locate the projectors of the swindle.

FARMERS

ARE INTERESTED READERS

Of the market reports. Especially eager are they just now to keep posted on the WHEAT quotations. Most city folks don't care a fig whether "wheat's a bushel or corn's a peck." Not so, however, with the agriculturist. To him the daily market fluctuations are of more importance than the greatest game of base ball ever played. That which interests the farmer also becomes of much moment with us. Our interests are identical. Upon his success depends ours. Therefore, while the crop is being moved, we have arranged to publish the latest Cincinnati and Chicago quotations, for the benefit of our country friends. The corrected figures will appear in this space each day and will be obtained from a reliable source. Farmers may depend upon them being strictly up-to-date:

CINCINNATI, July 27.—9:59 a. m.—Chicago opened at 74½. Cincinnati, No. 2 winter red offered at 77, held at 77½. W. E. HUTTON & CO.

We sold more WIRE FIELD FENCE yesterday than on any single day since we made the great run on these goods early in the Spring. Whoever has the remotest idea of purchasing any wire Fencing in the fall would do well to take advantage of prevailing prices. We cannot guarantee figures always to remain so low.

The exhibition of wheat announced for to-morrow at the Old Gold Mills has been postponed and will be held on Thursday of the Mason County Fair, in the floral hall at the fair grounds.
